MEDFORD MEWS PHASE 3 CONDOMINIUM CORPORATION SPECIAL GENERAL MEETING(SGM)
SATURDAY FEBRUARY 21, 2026 12:11PM
VENUE: VIRTUAL (ZOOM)

1. Call to Order

- Property Manager confirmed the meeting would be recorded and instructed owners to post unit numbers in the chat for attendance and voting-share verification.
- Aaron Jepson tallied attendance against the unit factor sheet and confirmed quorum was achieved with 56.8% of owners present by unit factor.
- President Dale S. announced the meeting's commencement and appointed a chair for Zoom procedures.

2. Approval of Agenda

A motion was made to approve the agenda as circulated.

- **Moved by (Unit):** Unit 200 (Gore)
- **Seconded by (Unit):** Unit 190
- **Result:** Carried (no opposition recorded)

3. Purpose of Meeting

The chair stated the meeting's purpose was to vote on the funding model for structural and maintenance repairs, based on recommendations from the Pentas Group reserve fund study and engineering input from DKM Engineering.

4. Presentation — Pentas Group (Clark Bezo)

Clark Bezo (Pentas Group) summarized:

- **Completed work:** rafter repairs; shingling on three of four buildings; plywood replacement where rot was found; chimney work on decommissioned chimneys (including crickets installed to deflect water).
- **Outstanding items / follow-ups:** chimney flashing repairs; remaining chimney decommissioning; crawl-space moisture (attributed to ground seepage rather than roofing failure); furnace-room moisture issues (likely condensation/insulation/venting related), with some questions deferred to management or the board.

- **Reserve fund balances and contractor payments:** questions about reserve fund discrepancies and payments while awaiting loan draws; management explained reserve funds were used temporarily to pay obligations while financing was pursued.
- **Governance and board changes:** owners attempted to raise motions regarding board changes; the chair ruled these out of order due to the agenda being limited to the funding vote. Management noted that between AGMs, owners in good standing may be appointed to open board positions and asked interested owners to submit names for consideration.
- **Lien status:** it was stated there was no registered construction lien, based on legal advice referenced during the meeting.

5. Funding Options and Main Motion

Two options were presented:

1. **Option 1:** Obtain an approximately **$1.3 million loan**, amortized over about **20 years**, with a condo fee increase to support repayment.
2. **Option 2:** Proceed by **special assessment/levy**, estimated at approximately **$17,000 per unit** over **12–18 months**.

6. Voting Process and Result

- Voting was conducted by private Zoom poll, using unit factors and a vote-tracker sheet to reconcile results.
- **Outcome: Option 1 (loan) carried overwhelmingly (~96% support).**

7. Unfinished Business / Follow-Up Items

- Clarify the loan source and interest rate (raised during the meeting but not answered in the provided summary).
- Ongoing communication regarding chimney flashing repairs, crawl-space moisture, and furnace-room issues.
- Sidewalk repair bundling and SaskEnergy reimbursement status.
- Owner requests for documentation and inspection reporting.
- Process for submitting names for interim board appointment consideration.

8. Adjournment

The Chair indicated the meeting would be concluded at approximately **1:43 PM.** The meeting ended after the announcement of the vote results, with no further business within the adopted agenda.
